Apptix Named #6 Fastest Growing Company by *Washington Business Journal*

Reliable Hosted IT Solutions and Outstanding Customer Service Credited with Latest Award Recognition

Herndon, VA – October 3, 2008 – Apptix (OSE: APP), the industry-leading provider of hosted Microsoft Exchange email, VoIP phone service, and SharePoint collaboration services for small and medium businesses (SMBs), today announced that it has been recognized on the *Washington Business Journal's* 2008 list of the 50 “Fastest Growing Companies” in Greater Washington. Last night, Apptix was named the 6th fastest growing company at an awards ceremony to celebrate the local growth recipients, held at The National Press Club in Washington, D.C. The list included local companies from all industries, demonstrating that Apptix’s growth is impressive irrespective of business sector.

“Apptix is proud to be ranked on the *Washington Business Journal's* Fastest Growing Companies list, and share good company with the area’s leading businesses,” said David Ehrhardt, CEO of Apptix. “The Greater Washington region has a strong and steadily growing business base, as well as a highly skilled talent pool, both of which position Apptix for continued growth and success, locally and nationally.”

Apptix specializes in providing hosted MS Exchange email, hosted VoIP business phone service, and hosted MS SharePoint collaboration solutions to small and mid-sized companies worldwide, and has been servicing local and regional companies for more than a decade. Local demand for Apptix’s services is highest in the IT, nonprofit, legal, real estate, and financial sectors, with some area IT companies functioning as both customers and partners.

The annual “Fastest Growing Companies” list ranks 50 companies in Greater Washington—encompassing the District, Northern Virginia, and Montgomery and Prince George’s Counties in Maryland—based on revenue growth. In addition to high-growth rates, companies must have realized 2005 revenue of more than \$2 million and 2007 revenue of more than \$10 million. The 2008 “Fastest Growing Companies” are profiled in the October 3 issue and special supplement of the weekly publication.
